

## Raidon 4-Bay JBOD Storage GT5640-B31

Supports 4x2.5"/3.5" SATA HDDs/SSDs.

[RAIDON](#), a brand from RAIDON Technology Inc. announces a 4-bay USB 3.2 Type-C storage - GT5640-B31, coming with one USB Type C interfaces, supports drive hot swappable, LED indicators, and 4 independent power switches for HDDs

4 hard drive independent power switches

GT5640-B31 is a JBOD external storage that can install 4x2.5"/3.5" SATA HDD/SSD and it is designed with 4 independent power switches for HDDs. When the product power is turned on, all 4 drives are turned on, and users can turn off the single HDD that is not in use to save the power.

GT5640-B31 also supports LED indicators for system status in time, so that users can know the status of the system at all times during the operation. It also has the built in low noise fan to allow the device dissipate the heat quickly without affecting the transmission performance. Users can manually adjust the fan switch on the rear.

GT5640-B31 can be connected to any host devices that has USB Type C to C interface, and using 4 independent HDDs JBOD modes, with software RAID-0 mode that will be available to complete various editing works quickly.

### Features:

- Supports USB 3.2 Type-C interface, suitable for Mac or PC
- Provides USB3.2 type C to C cable, up to 10Gb/s
- With LED indicators
- Supports 4 independent power switches
- Supports JBOD modes with 4 independent HDDs
- Supports hot swappable 4x2.5/3.5" SATA HDD/SSD
- Low noise fan design with fast heat dissipation
- Plug and play

- Designed with aluminum construction

### **Product Specs:**

- Model No: GT5640-B31
- Interfaces: USB 3.2 Type-C (up to 3Gbps), compatible with all USB 3.2 Gen 1, 2 / USB 2.0 specs
- Compatible Drive: 4×3.5"/2.5" SATA III HDDs/SSDs
- Storage Mode: Independent (JBOD)
- OS Support: Windows 7 or above, OS X 10.10 or above, Linux
- Cooling System: 8cm low noise fan
- Dimensions, Weight: height: 166mm, width: 124mm, depth: 210mm, Weight: 3kg
- Carton: 4 pcs per carton
- Package Accessories
  - GT5640-B31 x 1 (with removable 4×2.5"-3.5" HDD/SSD tray)
  - USB 3.2 Type-C to Type-C Cable
  - Power cord
  - Quick installation guide
  - Accessory kit
