

Raidon ST4-B31 + Easy Data Vault USB 3.2 Gen 2 Type-C Combo Mobile Backup Solution with Four Individual Disks

For 4x2.5" or 3.5" SATA HDD/SSD drives, and JBOD independent mode

This is a Press Release edited by StorageNewsletter.com on February 17, 2025 at 2:01 pm

[Raidon Technology Inc.](#) introduces the [ST4-B31](#), now paired with the [Easy Data Vault](#) app to deliver a storage solution for today's digital world.

With data management and protection more critical than ever—whether you're a creative professional, a business owner, or simply someone with extensive digital storage needs—The [ST4-B31](#) provides a high-speed, intuitive system that ensures backup and organization of your files. Stay confident in your data security and enjoy effortless file management, all in one robust, user-friendly platform.

Key Features of ST4-B31 + Easy Data Vault:

- **Integration with Easy Data Vault**
Enjoy effortless file transfers directly from your iPhone 15 (and later) or iPad to the ST4-B31. Easily manage, back up, and retrieve files through the user-friendly Easy Data Vault app.
- **JBOD Configuration**
Accommodates four individual hard drives, each functioning independently.
- **High-Speed USB 3.2 Type-C Interface**
Delivers data transfer rates up to 10Gb, compatible with both Mac and PC systems.
- **User-Friendly Enclosure**
Features touch buttons and LED indicators for intuitive operation.
- **Independent Drive Power Control**
Allows separate power switches for each of the 4 drives.
- **Hot-Swappable Design**
Easily insert and remove 2.5" or 3.5" SATA HDD/SSD drives without shutting down.
- **Quiet, Efficient Cooling**
Includes a low-noise fan for optimal heat dissipation.
- **Lightweight Aluminum Construction**
Provides durable protection in a compact, portable form.
- **Comprehensive Media Management**
Securely back up photos and videos across 4 disks, selectively store files, and recover data on demand.

- **Enhanced Data Privacy**

Keep sensitive media hidden within the app's private folder and control what's displayed to maintain your privacy.

ST4-B31 + Easy Data Vault: Quick, Secure Mobile Backup

The ST4-B31, paired with the Easy Data Vault app, offers a way to transfer and protect files directly from your iPhone 15 (and later) to a dedicated storage system.

Setup is simple: install your HDD/SSD with the included pin key, download the app from the Apple App Store, connect via USB-C, and start backing up in seconds. Ideal for professionals and content creators, this compact, high-speed solution keeps your files safe and readily accessible—anytime, anywhere.
